## BROADBAND FOR WROXTON ST MARY

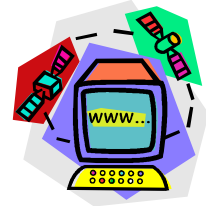

### Campaign for upgrading our telephone exchange:

Do you use the internet for more than a few hours a week? Would you like always on, high speed connections? Then you need Broadband.

Unfortunately BT won't upgrade our exchange until we can prove there is sufficient demand.

The purpose of this leaflet is to introduce residents to ADSL/Broadband and if sufficient interest can be established to persuade British Telecom to upgrade the Wroxton St Mary Exchange to this always on, high speed technology.

I have set up a website to collect registrations and give more details on Broadband, see [www.broadband4wroxton.org.uk](http://www.broadband4wroxton.org.uk).

### The area includes:

If you have a telephone number starting 01295 73xxxx then your exchange is Wroxton St Mary. I believe this covers the Oxfordshire villages of Hanwell, Horley, Wroxton, Balscote, North Newington, Drayton and the Warwickshire village of Shotteswell. If you know of anywhere else please let me know at the email address below.

### What to do next:

Register, check out the website at [www.broadband4wroxton.org.uk](http://www.broadband4wroxton.org.uk) and
